BUSINESS CONTINUITY NOT DISASTER RECOVERY™

How quickly can you recover in the event of a data center outage or a loss of a device?
We can do it by the flip of a switch.

HERE'S HOW IT WORKS

TetherView provides Virtual Desktops (VDI's) on standby that are always ready to perform. We continually create a copy of your daily desktop applications, files, data, email and business software that act as your standby in the event of what may seem like a disaster.
Disasters could be as big as a hurricane or as small as a coffee spill, your standby VDI is always on call.

PRICING

Out of the 52 included services our clients benefit from, they're only billed per user and per GB. Different from all other providers, we allow the ease of you knowing what your expected bill will be every month with no hidden fees.

- ✓ No Setup Fees
- ✓ Security
- ✓ Compliance
- ✓ Comprehensive
- ✓ Private Cloud
- ✓ Cost Effective
- ✓ Mobility
